

SEND Maths Network

2017 - 2018

INWOOD
TEACHING SCHOOL ALLIANCE

How can we move children on from experiential to deeper learning with their Maths ?

How can we better engage, challenge and empower children with lower ability and/or SEND ?

This network will enable you to hear about top tips for teaching maths to children with lower ability and / or SEND, with strategies to improve engagement and quality first teaching for Maths.

What approaches work for engaging through sensory routes for our very special learners ?

What approaches are successful for learners with a specific learning difficulty such as dyscalculia or help children with sequencing difficulties as part of a dyslexic profile.

**21st of November, 20th of March,
19th of June**

4:00—5:30pm
