Venue: Linwood Professional
Development Centre, Alma Road,
Bournemouth, BH9 1AJ

Cost: £75 (£60 for LTSA Partner Schools)

Led by: Kate
Tuck and Fiona
Eatwell

Effective Classroom Climate

Built on the principles of accelerated learning, this module examines what we mean when describing an 'inviting and supportive classroom' and how we can ensure that the classroom is one where learners feel challenged not threatened. Considering the Borich models and the implications for the classroom, this module describes how high expectations and high aspirations extend to both teacher and learner.

Suitable for class teachers and HLTAs
