practitioners working with children in Early Years and
Primary settings**

Date: 17/03/2021

Time: 9:00am—12:00 pm

Venue: Virtual Delivery by
Zoom

Cost: £50 (Boost funding
available for BCP Schools)

Led by: Total Children's Therapy

When is Dyspraxia not Dyspraxia? – A guide to understanding Developmental Co-ordination Disorder (DCD) and its impact in the classroom.

We take a look at the newer classification and the broad spectrum of difficulties that you may see in the classroom. We discuss ideas of how to help these children to move forwards in their motor skills and in so doing improve performance in the classroom. We will distinguish between those with a DCD diagnosis and those whose profiles are more as a result of our society and way of living today.
