

SO SAFE!

Led by Pyramid Education Consultants

Do you ever worry about how safe your students are in their relationships? Do you think that they might be vulnerable to abuse?

The SoSAFE! Programme is a visual teaching tool which enables learners to develop their abilities in managing; and communicating about their relationships. The program covers all degrees of interaction; from a student's expectations of strangers, to the intricacies of an intimate relationship. SoSAFE! provides a format which is portable and easy to understand, meaning that any student can discuss their relationships at any time. By giving students a set of 'rules' for different relationships they are better placed to realise when a relationship may not be acceptable and then have the tools to report potential abuse.

Suitable for Senior Leaders, SENCos, Teachers, Teaching Assistants

Charge: £210 per person—Boost funding available for BCP schools

Thursday 7th October 2021 9-4pm

Venue—tbc (within BCP area)
