

Leadership, Inclusion and Structural Reasonable Adjustments to support students with Autism

Led by Gemma Talbot, Executive Head Teacher, Linwood School
and

Soraya Monzon-Diaz, Deputy Head Teacher , Springwood Campus

The Leadership, Inclusion and Structural, Reasonable Adjustments Module is part of the Suite of Resources for Leaders. It has been compiled for leaders and leadership teams within education settings to embed culture change across their provision and support them on their journey to become an outstanding and inclusive setting. The resources will support leaders to fully embed the 8 principles of good autism practice as outlined in the [Good Autism Practice Report](#).

This module will help leaders to understand what is needed to fully embed an inclusive culture. It looks at education legislation and guidance surrounding inclusion, the steps required to lead culture change and the importance of considering structural reasonable adjustments and AET resources to support leaders with this.

The aim of this module is to enable delegates:

- *To look at how inclusive provision and structural reasonable adjustments can help a setting to be outstanding.*
- *To consider what is needed to lead culture change in a setting.*
- *To know about AET resources and guidance that can support leaders to provide inclusive environments through structural reasonable adjustments.*
- *To consider different ways of making structural reasonable adjustments to ensure autistic pupils are fully supported*
