

Autism & Exclusions

**Led by ; Kate Tuck, Director, Linwood Training, Support & Advice and
Andy Maher, Assistant Headteacher, Springwood Campus**

This module will provide delegates with an understanding of the key causes of autistic pupils being excluded from school, how exclusions may be prevented, and if exclusion occurs, how to provide support for the pupil's successful transition or return to the setting. It will help you understand the legal context of exclusions and the risk of illegal exclusions by better understanding the triggers. It will provide opportunity to reflect on ways to support autistic pupils and families during the period of exclusion, as well as considering ways of managing the reintegration meeting.
